Dear Ms. Lloyd:

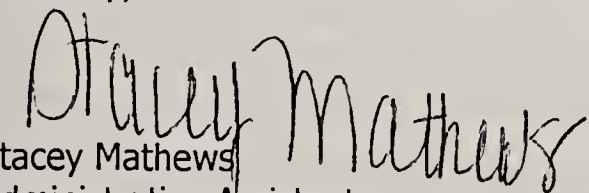

In response to your letter, attached is the information that you requested for Cyrus Iler.

I would suggest that you continue your research by writing both the National Archives in Washington, D.C. and the appropriate state archives. Each of these organizations may be able to provide information. I am enclosing a sheet of information that includes instructions for ordering the military and pension records from the National Archives and a list of addresses for the state archives. We ask that you forward a copy of any information you receive to us so that our files may be updated.

Also, enclosed is information concerning the Andersonville Trust, established by the Friends of Andersonville. This non-profit organization supports historical research and interpretation at Andersonville National Historic Site.

If I can be of further assistance, please don't hesitate to contact me.

Sincerely,

Stacey Mathews
Administrative Assistant

April 23. 1864.

Dear and
Respected Wife and Children
I now seat myself to pen
you these few in answer
to your kind and long look
for letter which came on
hand on the twenty day of
April we arrived at Chatan^{go}
this day noon and stopping
here over night. Dear wife
my harm is very painful
but I think it will soon
get better it looks a great
deal better this evening
we are Marching now
every day this makes
seventeen days we have
been on a march we are
on the Lookout Mountain

(2)
we have been on Lookout
Mountain two days and
its not out of sight yet
I think its the biggest
Mountain I ever saw. and
how our men got the Rebels
out I cant see for its the
biggest Mountain I ever saw
its over four hundred feet
high we had a fine getting
up to the top of it some of
the boys fazed out before
we was half over it. we
are marching now every
day nigher the Rebels so
I guess it wont be long
before we give them
Hail Calumna I have
not drawn my team yet
I have so I shoulder a Mule
the same as another man
by what I can see there wont
be no chance of me getting
in town

③

because there is so many
things to be done to a Regt
as soon as I can send my
money home I will we have
not drawn our pay yet
but we are expecting it very
soon so you must content
your self as well as you
can for a little while longer
we cant get enough to keep
us in tobacco nor notions
als I should like to be
along with you a few
days but that is all play
out I think we shall all
be at home very soon now
for I think this thing will
soon wind up keep in good
good spirits and dont get
discouraged I shall have
to bring this to a close for
it is time to creep in our
dog dents and go to bed

(4)

It is now bed time
so I shall have to bring
this to a close.

With my best wishes
to you and the children
here is a ring that was
made to day in this camp
so I shall send it for my
dear little baby

State of New York
Saratoga County

On the 5th day of March 1867

before me the undersigned William

Att. of P. within and for the County
aforesaid, personally came Elmatia H.
Eller, whom I certify to be respectable and
entitled to credit and being in and first
duly sworn according to law, declares that
she is the identical Elmatia H. Eller referred
to in Pension Application No. now
on file in the Pension Department, in her
case as widow of Cyrus Eller deceased who was a
Major in Co. B. 12th Regiment Indiana
Volunteers. that she makes this supplementary
affidavit in order to obtain the benefit of
the provision made by the second section of the
Act of Congress increasing the Pension of wid-
ows and orphans, approved July 25th 1866.
She further declares that she has the following
named children of her deceased husband
and herself, under sixteen years of age who
are now living, the dates of whose births are
as follows to wit:

Mary M. Eller born February the 21st 1853.
Jacob B. Eller born December the 31st 1854.
Sampson H. Eller born August the 14th 1857.
Francis H. Eller born July the 31st 1859.
Elizabeth A. Eller born June the 16th 1864.

Declaration before J. P. accepted
Notary

Eliza L. Elver born January 20th 1863.
She further declares that she has not re-married since the death of her said husband, nor has she abandoned the support of any one of the children above named, nor permitted any one of them to be adopted by any other person or persons as his, her or their child. My Post Office address is now, Tostonia Seneca County Ohio.

Elmatia A. Elver

Also personally appeared before me John Williams and James Pennell of Seneca County Ohio, persons whom I certify to be respectable and entitled to credit, who being by me duly sworn say that they were present and saw Elmatia A. Elver sign her name to the foregoing declaration, and they believe from the appearance of the above applicant, and their acquaintance with her, that she is the identical person she represents herself to be, that averments as above, are true to their personal knowledge, and that they have no interest in the prosecution of this claim.

CHAPTER 10. THE EARTH'S CRUST

The Earth's crust is the uppermost layer of the planet, composed of solid rock. It is the part of the Earth that we live on and see. The crust is divided into two main types: continental crust and oceanic crust. Continental crust is thicker and less dense, while oceanic crust is thinner and more dense. The boundary between the two is the mid-ocean ridge. The crust is also divided into tectonic plates, which move around the Earth. The movement of these plates is caused by convection currents in the mantle. The crust is constantly being renewed, with new material being added at mid-ocean ridges and old material being recycled at subduction zones. The crust is also the source of many natural resources, including minerals and fossil fuels. The study of the Earth's crust is called geology, and it is a branch of science that deals with the Earth's history and the processes that shape it.

Widow's Declaration for Pension.

STATE OF Indiana
COUNTY OF Allen } SS.

On this 4th day of August 1865, before me the clerk
of Allen Superior Court, in and for the County and State above named, per-
sonally appeared Calmatia A. Allen who, first being duly sworn
according to law, declares and says that she is aged 32 years, that she is a res-
ident of Springfield Township, County of Allen, State of
Indiana, and that she is the widow of Cyrus Allen
who was a Private in Company B, commanded by Captain James
Harper of the 12th Regiment of Indiana Volunteers, com-
manded by Colonel _____ in the war of 1861-2-3 & 4,

with the so-called Confederate States, and that she has not in any way been engaged in
or aided or abetted the existing rebellion in the United States, and that her husband enlisted at
Maxville, Allen Co. Indiana on or about the 16th day of November
A. D. 1862, for the term of Three years, and continued in actual service in said war until
August 22nd 1864, when he died a prisoner of war
in prison at Andersonville, Georgia, of disease
contracted in the service of the United States

1864, and the cause of his death was as above stated and received
while in the service of the United States as aforesaid.
That she was married to the said Cyrus Allen
on the 31st day of March 1850, at Tiffin, Seneca Co. Ohio
by one Henry R. Barnes a Minister of the Gospel
that her husband, the aforesaid Cyrus Allen
died on the day above mentioned; that her name before said marriage was Calmatia A.
Hentkins, that she has remained a widow since the death of her said husband, as will
more fully appear by reference to the proof hereto annexed. And she further states that she believes
there is a public record of her said marriage and private
said marriage a certified copy of which is hereto annexed.

There are six children the issue of said marriage to wit
Mary M. aged twelve years February 21st 1865, David B. Ten
years old, December 31st 1864, Sampson W. aged seven August 14th 1864
Francis M. aged five July 31st 1864, Elizabeth A. aged four June 1st 1863
and Ella D. 3rd Feb 1864, William Barnes 2nd 1863

She makes this declaration for the purpose of obtaining the Pension to which she is entitled by
reason of the service and death of her said husband, under the act of Congress approved July 14th,
1862, and all subsequent acts thereto. And she hereby constitutes and appoints
her attorney to prosecute this claim and procure a certificate. My
Post office address is Warren, Allen Co. Indiana

W. M. Dildine Clerk.

CHAPTER 11 THE HISTORY OF THE UNITED STATES

The history of the United States is a complex and multifaceted story that spans centuries. It begins with the indigenous peoples who lived on the continent long before the arrival of European settlers. The story of the United States is one of exploration, discovery, and the struggle for freedom and independence. The American Revolution was a pivotal moment in the nation's history, leading to the birth of a new country. The years following the Revolution were marked by westward expansion and the growth of the nation. The Civil War was a defining moment in the country's history, as it resolved the issue of slavery and preserved the Union. The Reconstruction era followed, a period of rebuilding and reform. The late 19th and early 20th centuries saw the rise of industrialization and the growth of the American economy. The Progressive Era was a period of social and political reform. The 1920s and 1930s were marked by the Great Depression and the New Deal. World War II was a defining moment in the 20th century, as the United States emerged as a superpower. The Cold War era followed, a period of tension and competition between the United States and the Soviet Union. The 1960s and 1970s saw the Vietnam War and the civil rights movement. The 1980s and 1990s were marked by the end of the Cold War and the rise of the United States as a global leader. The 21st century has seen the rise of the Internet and the challenges of globalization. The history of the United States is a story of resilience and the pursuit of the American dream.

ADDITIONAL EVIDENCE.

State of Indiana }
County of Allen } SS.

On this 31 day of January 1867, before me, the undersigned, Clerk of Allen Circuit Court within and for said county, personally came James Harper late Capt Co. B. 129th Regt Indiana whom I certify to be respectable and entitled to credit; who being by me first duly sworn, says that he was late the captain of Co. B. 129th Regiment Indiana Volunteers and was personally acquainted with Cyrus Elv died late Wagoner, belonging to said Company and Regiment, who was taken Prisoner at Cartersville Georgia on the 24th day of May 1864, while in the line of duty in said service. Affiant further says that said Cyrus Elv was an able bodied healthy man from the time he enlisted in said service up to the time of his capture as above given and that affiant's personal knowledge of the condition of said Soldier, ceased at the time of his capture as above referred to. But that affiant was officially informed by the Adjutant General U. S. A. that said Cyrus Elv died of dysentery while a Prisoner at Andersonville Georgia on the 22nd day of August 1864 which he believes to be true.

That all of said facts are within the personal knowledge of this affiant, and he has no interest in said application. All of which matters are true, as he verily believes.

James Harper
Late Capt Co. B. 129th Ind. Vol.

Subscribed and sworn to before me this 21st day of January 1867, and I certify that I have no interest whatever in the above affidavit, and that it was carefully read over to said affiant before signing, and he understood the same. That I am the legal custodian of the seal hereto affixed and in my possession.

Mr. Fleming Clerk
Allen Cir. Court

THEORY OF THE EARTH

CHAPTER I

1880

1. The Earth is a sphere, and its surface is covered by water and land.

2. The land is divided into continents and islands.

3. The water is divided into oceans and seas.

4. The land is divided into countries and provinces.

5. The water is divided into rivers and lakes.

6. The land is divided into mountains and hills.

7. The water is divided into streams and brooks.

8. The land is divided into valleys and plains.

9. The water is divided into ponds and pools.

10. The land is divided into forests and woods.

11. The water is divided into fountains and wells.

12. The land is divided into fields and meadows.

13. The water is divided into ditches and canals.

14. The land is divided into towns and cities.

15. The water is divided into harbours and ports.

16. The land is divided into roads and paths.

17. The water is divided into rivers and streams.

I certify, on honor, that Cyrus Her a Wagoner
 Captain James Harper Company (B) of the 129 Regiment of Ind. Infy
 VOLUNTEERS of the State of Indiana, born in Rifland Co. State
 of Ohio, aged 37 years; 5 feet 1 1/2 inches high; Fair complexion,
Hazel eyes Light hair, and by occupation Laborer, who joined for service
 and was enrolled (see Note 9) on the 10 day of Nov, 1863, at St. Wayne
 by Capt. Gollinger, for the period of 3 years, and mustered into

 _____; and he has been SUBSISTED for TRAVELING to his
 place of enrollment, up to the _____, 186____.

He is indebted to _____, SUTLER, _____ 100 dollars.

He is indebted to _____, LAUNDRESS, _____ 100 dollars.

Given in Duplicate, at Charlotte Mo, this 18 day
 of May, 1865.

James Harper
Capt

Commanding Company.

The first part of the paper discusses the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. This will allow for easy access and retrieval of information when needed.

The second part of the paper focuses on the importance of regular communication and collaboration between all team members. It is crucial for everyone to stay informed about the latest developments and to be able to provide input and feedback. This will help to ensure that the company is always moving forward in a positive and productive direction.

The third part of the paper discusses the importance of maintaining a high level of transparency and accountability. This means that all team members should be able to see and understand the results of their work, as well as the work of others. This will help to build trust and confidence within the team, and will also ensure that everyone is working towards the same goals.

The fourth part of the paper discusses the importance of maintaining a high level of security and protection of all company data. This means that all information should be properly encrypted and stored in a secure location. It is also important to ensure that all team members are trained in proper security protocols and are able to recognize and report any potential threats.

The fifth part of the paper discusses the importance of maintaining a high level of flexibility and adaptability. This means that the company should be able to quickly respond to changes in the market or in the needs of its customers. This will help to ensure that the company is always able to stay ahead of the competition and to provide the best possible service to its customers.

The sixth part of the paper discusses the importance of maintaining a high level of innovation and creativity. This means that the company should be able to come up with new and innovative ideas and solutions to its problems. This will help to ensure that the company is always able to stay ahead of the competition and to provide the best possible service to its customers.

The seventh part of the paper discusses the importance of maintaining a high level of customer satisfaction. This means that the company should be able to provide a high level of service to its customers, and that it should be able to quickly respond to any complaints or issues. This will help to ensure that the company is always able to stay ahead of the competition and to provide the best possible service to its customers.

The eighth part of the paper discusses the importance of maintaining a high level of financial stability. This means that the company should be able to manage its finances properly, and that it should be able to ensure that it has enough money to cover all its expenses. This will help to ensure that the company is always able to stay ahead of the competition and to provide the best possible service to its customers.

The ninth part of the paper discusses the importance of maintaining a high level of employee satisfaction. This means that the company should be able to provide a high level of support and resources to its employees, and that it should be able to ensure that they are all working in a positive and productive environment. This will help to ensure that the company is always able to stay ahead of the competition and to provide the best possible service to its customers.

The tenth part of the paper discusses the importance of maintaining a high level of overall company performance. This means that the company should be able to ensure that all its departments and teams are working together effectively, and that they are all contributing to the overall success of the company. This will help to ensure that the company is always able to stay ahead of the competition and to provide the best possible service to its customers.

Oct 31/1844

This Indenture made the thirty first day of October in the
year of our Lord one thousand eight hundred and forty four
Between ²⁴⁸⁰⁸ Henry Eiler ⁴⁸⁷⁸³ Daniel Eiler and ⁵¹⁶⁹¹ Elizabeth his wife ⁴⁹⁸⁹⁵ Elvira
Eiler, John Eiler and ²⁴⁸¹¹ Hannah his wife ⁴⁹⁸⁹⁵ heirs and legatees of John
Eiler late of Mannheim Township in the County of Schuyler deceased of the
one part and ²⁴⁸¹¹ Catharine Strouse wife of Peter Strouse and one of the ad-
verses of the said John Eiler deceased with the consent and approval of the
said husband Peter Strouse signified by his signature as witness to this
instrument of the other part Whereas the said John Eiler now deceased
in his lifetime entered into a parole agreement with his said daughter
Catharine that the said Catharine should have certain piece of land
situate in the said Township of Mannheim bounded by land of Mar-
tinich and Daniel Eiler then John Eiler deceased and containing
eight acres and one hundred and twenty three perches of land and
measure at and for the sum of ten dollars for each and every acre
thereof making in the whole eighty seven dollars and thirty six cents
That it was then and there agreed between the said John Eiler
and his said daughter Catharine and consented to by the said
Peter Strouse that if the said Peter Strouse and the said Catharine
would so take the said piece of ground above described and
enter upon the possession thereof and improve upon the same to
the said piece of ground that the said piece should be considered as an

indenture to be their act and deed and receive the same in full
accordance with a certain law that the said Elizabeth Eiler
the wife of Daniel and Hannah the wife of John separate and
apart from their said husbands by the said Catharine and
thief made known unto them upon which said separate examination
they did declare that they of their own free will and accord signed
wrote and delivered the said indenture without any compulsion or
coercion of their respective husbands. In testimony whereof I have hereunto
set my hand and seal the day and year of aforesaid.

Record Examined June 24th 1845
Jas. M. Baker Recorder

This Indenture made the twenty fourth day of March
in the year of our Lord one thousand eight hundred and forty six
Between Charles J. Gottlieb of the City of New York State of New York

I, Lawrence Vile of Bedford Township
Bedford County in the state of Pennsylvania Farmer, do
make and publish this my last will and testament, here-
by revoking and making void all former wills by me at any
time heretofore made; I, Lawrence Vile, considering the
uncertainty of this mortal life, and being of a sound mind
and memory (blessed be Almighty God for the same) do
make this my last Will and Testament in the manner and
form following. First, I direct that my body be decently in-
terred in the burying ground by my Father and Mother on
the Property now owned by Michael Rickel in said Township
by permission, and that all my debts and funeral expenses
be paid as soon after my decease as possible, out of the first money
that shall come into the hands of my executors from any por-
tion of my estate, real or personal: Also, I direct that a fair
valuation or appraisement be made by three judicious neigh-
bours, of all my said estate including my household furniture
and after being signed with their names that a copy of
the same shall be given by them to each of my executors;
Also I direct that all my stock in trade be sold by public
auction for good current money excepting one horse, saddle &
bridle and two cows, the choice of which I grant and be-
queath to my beloved wife; and all the rest, residue and
remainder, stock in trade, personal estate, including house-
hold furniture, being appraised, sold, and the necessary expenses
of my funeral, together with my debts if any, paid, and the re-
maining balance of money, be distributed equally among the
persons hereafter mentioned, my wife if living to receive one
third: Also I do direct that the whole of my real estate shall
be and remain the absolute property of my beloved wife, should
she survive me, during her life, and at her decease, to be
appraised, sold, at public auction (said estate) the amount
of which shall be given absolutely to each of my daughters
as shall then be living, and to Sarah, Mary, and Ann, three
daughters of the late Joseph Carny deceased, in equal
proportions, share and share alike, and to be apportioned by
three impartial neighbours, mutually chosen by my exec-
utors for that purpose: Also I do direct that in case

my beloved wife should marry and cease to be, my widow-
or to bear my name, so soon as I direct my executors to sell
all my estate both personal and real at public auction for
good current money, and the amount thereof secured in such
a manner, as is usual in like cases to insure the full and punct-
ual payment thereof; to my daughters, and to Sarah May
and Ann Barney, each respective legatees then living, to
each share and share alike, in same manner as though
she my beloved wife be deceased, and if any of my daugh-
ters, or legatees, who shall have died between the time of
my decease and the time of such division or distribution
their children shall be entitled to such share or shares
as their respective ancestors would have been entitled to
receive, if then living; And to affectuate this my intention

I do hereby vest in my Executors full power and au-
thority to dispose of my personal and real ^{estate} above mentioned
in as full and large a manner as I could myself do
if living; agreeable to this my last will and testament

And I do hereby make and obtain my
esteemed neighbours, Mr John Reiley Esq and Mr
Jacob Beck (farmer) Executors of this my last will &
testament. In witness whereof I Laurence Oiler the
Testator, have to this my will written on one sheet of paper
set my mark and name and seal this ^{eleventh} day of March
in the year of Our Lord one thousand eight hundred and
thirtyfour

Laurence Oiler ^{his} mark

Signed, sealed, published and declared by the above named
Laurence Oiler to be his last will and testament in the pres-
ence of us who have hereunto subscribed our names as Witnesses
in the presence of the testator

I April 2, 1841

The first part of the paper discusses the importance of the study of the history of the United States. It is pointed out that the study of history is not only a means of understanding the past, but also a means of understanding the present and the future. The author argues that the study of history is essential for the development of a nation and for the progress of the world.

The second part of the paper discusses the importance of the study of the history of the United States. It is pointed out that the study of history is not only a means of understanding the past, but also a means of understanding the present and the future. The author argues that the study of history is essential for the development of a nation and for the progress of the world.

The third part of the paper discusses the importance of the study of the history of the United States. It is pointed out that the study of history is not only a means of understanding the past, but also a means of understanding the present and the future. The author argues that the study of history is essential for the development of a nation and for the progress of the world.

The fourth part of the paper discusses the importance of the study of the history of the United States. It is pointed out that the study of history is not only a means of understanding the past, but also a means of understanding the present and the future. The author argues that the study of history is essential for the development of a nation and for the progress of the world.

The fifth part of the paper discusses the importance of the study of the history of the United States. It is pointed out that the study of history is not only a means of understanding the past, but also a means of understanding the present and the future. The author argues that the study of history is essential for the development of a nation and for the progress of the world.

44
Whereas a certain paper purporting to be the last Will & Testament of Laurence Oiler, late of Bedford Township, Bedford County, do & has been presented to the Register for the County of Bedford, for probate, purporting to have been made the 11th day of March 1834, with the name, or mark of Laurence Oiler thereto, and witnessed by the name of Samuel Miller Clessenden and ~~John~~ Imbler, the probate to which is objected to by Daniel Ruckle in right of his wife Elizabeth, ⁷⁶⁸² one of the daughters of the said Laurence Oiler, dec'd. and by Thomas Graham in right of his wife Catharine, ⁷⁶⁷⁷ one other of the daughters of Laurence Oiler dec'd. Alleging that the said paper is not the last Will and Testament of the said Laurence Oiler dec'd, that the same was procured improperly and under undue influence -

That the said Laurence Oiler, at the time the said Will is alleged to have been made was in a weak & and infirm state, of unsound mind, memory and understanding and incapable of making any Will -

That the said paper is unreasonable, and that the terms and purport of said writing were not fully made known to him at the time it was signed or any time previous

That the said Testamentary writing is not signed by the said Laurence Oiler, nor was it published as his last Will & Testament, at the time it bears date, or any time since - which they pray may be entered into before the Register,

Mann & Logan

Attys for Objectors

11. March 1834

To J. B. Ruckle Esq. Regt

Testimony on behalf of the persons wishing to
establish a paper purporting to be the Last Will
& Testament of Lawrence Peter late of Sedford
Township deceased, taken before J. D. M. Register
in and for Sedford County, at the Register's Office in
Sedford on the 11th day of March 1841 -
In presence of William Lyon Esq. Atty for those in favour
of the Will & Messrs Mann & Logan for objectors -

Isaac Simler sworn

That in my writing, I signed
as a witness, I saw L. Peter sign by making
his mark. Mr. Peter seemed to be as he was before.
I was sent for, I asked the old woman what
they wanted, she sent me to the school house
he was before the house, I went to the S. House
blindness was there, he told me what was want-
ed, said Peter had made his will & wanted
me to sign it, Peter was not there, he told me
to go up to the old man & see if he was well
minded - told me he would be up directly,
had a few lines to write yet, had the will
there in school house, I went up to the old
man he was at the barn, asked him what he
wanted, he said he had made his will & said
I should sign it - he told me it was his last
will, told me his age, after which we went to
the house, but before I signed I told him I did
not know what was in it, the old man & old woman said
it was not necessary I should know, some of the
first of it was read the words were that it was
the Last will &c of Lawrence Peter, don't remember
more at present - Think I saw J. B. blindness
sign as a witness he put it down before I did,

The old man seemed ^{putty} terrible at that time, I have known him 20 or 25 years. Took him to be of a sound mind & as he commonly was, some people said he could be persuaded sometimes to almost any thing. I was not very much acquainted with him about home, never worked there, was not much about his house, though I have known him this long time.

His schoolhouse was between two & three hundred steps from the house. I was in the schoolhouse. Blindenine was writing, don't know what, said he had the will there. Went to town by myself; Blindenine came to house afterwards, don't know who got the house first, went to the stove room where we eat in our house, I was with Mr. Oiler until the will was signed, some part of will was read. Blindenine was writing, said he was not quite done writing, don't know whether he was just writing at the will. He told me he had will at S. House. Of course he must have brought it to house. The will was not all read in my presence.

If Blindenine was writing the wills at S. House I suppose the old man had no opportunity to know the contents afterwards. When the will was signed I don't know if one of Carnegie's girls (I thought Mary) was in the room, the old man & woman, Blindenine & myself were there. The old lady was in the room where I signed, I was the last that signed. Old man said it was his will, don't remember any thing more. Never saw him make his marks before or afterwards. Don't know that the old man was childish before that time, I lived some 1 to 1 1/2 miles from him. Can't say how long before I made last seen him perhaps 2 days or a week,

53

I got some eyes from him before that a month or more, the old man & woman were together at the time I bought, I think she told me I could have that much eyes, don't mind whether I paid him for it, or whether I paid her, can't remember. I believe the old lady transacted as much of the business as the old man at that time - can't just say how old she was, think he said might be 70 close on eighty years - I thought him well enough in mind to make a will - don't know how long before signing the will it was when I talked to him -

B. H. Pilkington sworn

I am tolerable well acquainted with the handwriting of Samuel M. Blendin, have seen him write, I believe the signature to the will to be in the proper hand writing of said Blendin - at the Nov^r last he was in Burlington Iowa territory - I believe the will to be in the hand writing of Blendin -

On oath of Objectors

Jacob Fillers sworn -

More know I lived for 20 years knew him as well as any person I know - he was in no sense at all at times for seven years he was out of his senses half the time, one day you might tell him a thing, next day he had forgot it, that I call being out of senses - The woman done all the business this 20 years ago, he was not competent to transact business during that time - seven years ago he was not competent to make a will or transact important business - you might tell him

one thing to day and same tomorrow & he would have forgot it. I lived nothing 3/4 miles off him, saw him every week, he has come to my house with his gun & was lost, said he went out to shoot pheasants, showed me where he had shot a deer - he did not know where to go home at that time, this was eight or nine years since - he was never a right sensible man, continued in same condition - he could be easily persuaded, tell him one day this is right and he would agree with you, next day tell him it was wrong & he would swear it was wrong - never saw him sign his name -

Solomon Imbra sworn

I have been acquainted with Mr. Diler 10 or 12 years. lived 2 1/2 miles from him - I worked there a good deal some eight years ago - he appeared always childish like, the old woman done the most of the business - sometimes he did not know his own fields, or his own Barren, talked child with all the time. I know him he had to be taken care of, the old woman had to watch him, do not believe he was of sound mind at the time I lived there between 7 & 8 years ago -

George Imbra sworn

I have been acquainted with Mr. Diler 12 or 13 years & worked for him four or five years - it is eight years this spring since I left. been in frequently since, called where I passed that way, about seven years ago he had not his senses at all, the woman done the business, I bargained with her for the fields - if I had bargained with him he would have payed by next day & gone to some other person.

John but about seven years ago had to be watching, he would go away & sometimes get lost, had a passion of going away, he did not talk sensible as other men - a body could persuade him to any thing & he would believe any thing he was told. He would not know me when I was away a week or two & would ask who I was, this was after I left there, & he would ask every time unless the old woman would say George is coming - I do not believe he was competent to make a will about seven years ago -

Leah Barclay aff.

I was acquainted with Mr. Tyler about 12 years say 13 years ago, he seemed more since I knew him sometimes deranged, sometimes better. I worked a good deal for him, about seven years ago I can not recollect but about the time I mowed (the) I mowed for him, he asked me how he should run his place so as to get it in order, I told him how I would farm it for him, he agreed to let me have it at my offer, but said he must ask the old woman, he told her where we got to the house & the offer I had given him, she told Mr. John Piddell had asked for the place & she must let him have it. I said nothing more, she said he did not know how to manage any thing, & she had promised Mr. Piddell - As much as I know about any body could persuade him to almost any thing, sometimes he talked sensible some times not, he has not been solid in his mind since I knew him - He has not been competent to make a will since I knew him, he scarcely ever knew me

Jacob Appleman's son

I have been acquainted with Mr. Allen about seven years, intimately for 3 years seven years ago I lived 8 miles from him - lived on his place three years moved ^{there} in the spring of 1853 & remained there years after that - during this time I lived there he was quite childlike, had to be taken care of, at times he would slip off and lose himself - his wife generally transacted the business - did not work or attend to any business or very little, shot one of his mares with the shot twice and said the last time she jumped so, before she not die, he cried about it afterward, I asked him why he done it, he said he would see how she would jump, when I carried with him to town he would thie or hollow at hogs along the roads & take at sheep - Blindenine taught school near Dilis not faring, went some to school I think, am not certain, Blindenine was intimate with the Carney family there was some talk that Blindenine wanted to court Ann Carney - I make my bargain with the old woman before was not confident seven years ago to make a will, I lived there then - I lived about three hundred yards from his house, often he would not know me until I told my name -

John Barker aff.

I have been acquainted with Mr. Allen for about 12 years, lived within about half a mile of him - seven years ago I was well acquainted in 1854 I worked there as hay making & all summer now & there a day, don't think he was well since I knew him, that summer he sometimes knew, sometimes not -

The old lady paid me for the work & sent for me when she wanted me - at one time we were mowing he came & said he had shot some thing pretty, said it was a skunk, wanted us to go and dig it out, as it was wounded, we dug & came on it, I wanted to shoot it but did not, & caught it by the tail & threw it out said it did not smell bad, took the young ones in his pocket home, said they were pretty - I do not believe he was fit to make a will seven years ago - I believe he could have been easily persuaded - Glendonine was back & forward at Oiler's house don't know whether he was very intimate - he would sometimes ^{ask} where fields were, & when I would say yes, he would then know them and say how good the land was -

Andrew Biddle son.

I have been acquainted with Mr. Oiler 10 or 12 years he appeared to me an easy kind of man, childish like - About seven years ago he appeared to be weak minded - from my knowledge I would not consider that he was competent years ago to make a will - I would not consider him to be a sound minded man, he always appeared to be childish -

A Biddle Jr. son

I have known Mr. Oiler 10 or 12 years, live now about half a mile from his house used to live further, he did not seem to have his right senses in 1884 lived about $\frac{3}{4}$ of a mile ^{off} from here frequently, had not his right senses then - think he was hardly fit to make a will at that time -

8
I formed my opinion from his not knowing his
neighbours, or his own fields, he was not altogether
fit to take care of himself -

Sarah Biddle sworn

I have known Lawrence Biddle
about 12 years - thinks he was not fit to make a
will in 1884 -

Adjourned to meet tomorrow

Morning at 9 o'clock -

12th March met at 9 o'clock

Mary Biddle sworn

I was just up in the room when
& left it as I saw her take the pen to sign the will,
Blendenin asked him to sign - The will was not
read, the old man lay on his bed where I saw
him sign at the table, table & bed were not far
apart - I did not hear the old man ask I saw
Blendenin to sign the will for him - when I went in
room Blendenin & I saw her were there, Blendenin pro-
duced the will & she signed in room all the time
while the pen was taken by I saw her, the old man
always made his marks like this L. I saw him
him to make it otherwise - if in last 10 or 12 years
the old man was not in the habit of transacting
business, seven years ago he was in a bad state
he changed every hour in the last seven years
or so - (My husband received an injury by a stroke
of an axe on his head about 8 or 9 years since it
affected his mind he was worse after that, about
12 years back he had a serious spell of sickness after
he got better he had very little sense left - about
7 years he did not know his neighbours when he
met them he would ask their names,

did not know his own property, when he wrote the will, the fields would ask whose it was, the will which they were ploughing. Had to be taken care of after the will that injured me his life, when ever he got the chance he would run off from us - he always acted foolishly & when he wanted to run off he would get behind trees & watch us to see if we were looking after him, we had a great deal of trouble - I can say that at this time his will was made he had not his senses long enough to make a will, his mind changed very often he would say a sensible word or so & the next would be contrary, it hurt my feelings often -

Testimony closed -

Bedford County, Pa. I Joseph P. Allen Register of Probate of Wills & granting Letters of Administrations in and for said County having heard the testimony written on above & foregoing nine pages, the same having been taken before me, do decide, adjudge, and decree, that paper purporting to be the Last will & Testament of Lawrence Oiler deceased, and hereto attached, has not been duly and sufficiently proven to be the last will & Testament of said deceased, nor has the validity of said dec'd at the time of signing said paper been satisfactorily proven by the subscribing witnesses to the same. I do therefore decide that said paper purporting to be the Last will &c. of Lawrence Oiler dec'd shall not be admitted to probate. In testimony hereof I have hereunto set my hand and seal of Office at Bedford this 12th day of March A.D. 1841

Recd Remittance that on the 18th day of Aprill 1771
menting were paid to William Hancock and Walter Hancock Carriers on the Frege-
ing well marked, they having been first sworn and affirmed according to Law
D. P. M. 1771

Saw: Will
 The Last Will and Testament of Lawrence Oliver of Bradford township in the County
 of Bradford I Lawrence Oliver considering the uncertainty of this mortal life and being of
 sound mind memory and understanding do hereby bequeath to my wife Mary Oliver to have and
 possess the same during her natural life and after her death to be divided equally among my
 children as follows to wit:

publish this my last will and testament in manner and form following 1245
First I give and bequeath to my beloved wife Henry Magdonal Diller the same and appur-
tances which I now have, to have the sole management control and produce of said farm
so long as she remains unmarried; to have her choice of as many, which is to her herd, to have two
cows, also of her own choosing, two beds with the necessary clothing and bedstead, and of the best
hulls and kitchen furniture whatever she may choose or deem necessary for the comfort and con-
venience. The surplus produce of the farm after allowing the widow her share as above mentioned
shall be placed in the hands of the executor and held by him for the use of my said personally

Bedford (o p) will Book 3 pgs 251, 252

Dear Morgan, This will of Lawrence Oden is a different from
The despoled will in his estate Papers. Even this will
caused a commotion I believe this is the rightfol will
of Lawrence Oden

Arlo Kimmel

68

...the same to be sold to the highest and best bidder, should she not marry it remains hers as above mentioned until her death; whences before mentioned it is to be sold by my Executors to the highest and best bidder, as also all my other Estate, and the proceeds equally divided among my Daughters Mary, Catherine, Eve, Anna, Elizabeth, Barbara and Louisa, except the sum of fifty dollars which I leave and bequeath to my three nieces, namely Sarah Kearny, Henry five dollars, to Mary Kearny and Anna Kearny twelve dollars and fifty cents each, to be paid out of any monies arising from the sale of my Estate. I also will and bequeath to my sister-in-law Barbara Kearny the place or tract of Land upon which she now resides, so long as she lives, or chose to stay there, but at her death or removal from the place the said property is to be sold by my Executors for the best price that can be got for it, and the proceeds divided equally among my several Daughters.

I hereby appoint David Mann and James Kearny my sole Executors of this my last will and testament, hereby revoking all wills heretofore made by me. In Witness whereof I have hereunto set my hand and seal the eleventh day of August A.D. One thousand eight hundred and thirty

Signed sealed published and declared by the
by the above named Laurence Ciler, to be
his last will and testament in presence of us
who at his request and in his presence have
subscribed our names as witnesses herunto
-mas R. Betts Ann E. Persorel

Laurence Ciler
made
1244

Deaford County I John Noble Prothonary of the Court of Common Pleas for said County do certify, that at a Court of Common Pleas held at Deaford, in and for the said County on the twenty fourth day of January A.D. 1843 on an issue joined to try the validity of the foregoing will wherein Mary Magdalena Ciler was plaintiff, and Thomas Clegham and Philip Wiant were defendants a jury being called came to wit, Samuel Steele, John Amos, Nathan Grubb, Ludwick Cunningham, Denice Crause, Peter R. Willgass, Andrew Turner, John James, John Belch, Jaime French, Adams Jones, and William Adams, Esqs who being duly sworn or affirmed respectively do say, (on the 26th of same month) that they find for the Plaintiff. I further certify that on the said 26th Jan'y 1843 a motion was made by the Plaintiff for Defendants to set aside the verdict and for a new trial on reasons filed which said motion on hearing on the 27th day of April 1843 was overruled - By the Court -

In Testimony whereof I have hereunto set my hand and affixed the seal of said Court at Deaford the 28th day of April A.D. 1843

John Noble

Remuneration filed with the Will
Remuneration of L. Mann Esq one of the Executors of the above will having left the Court made filed 27th Oct. 1843 same day notice given to the widow of L. Ciler do and she has a bill filed in the County to appear on or before the 5th day of Nov. next to settle her rights and the same are referred to the 1st of Dec. 1843 the notice of L. Ciler being having renounced her right to the said remuneration in the Court of Deceaseds, and the notice given to the widow & heirs having been returned with acceptance of service by a party. There being no bill filed having been made at the service of the same...

that at a Court of Common Pleas held at Deaford, in and for the said County
on the twenty fourth day of January A.D. 1843 on an issue joined to try the validity of the
proposed will wherein Henry Magdalen Cider was plaintiff, and Thomas Williams and Philip
Went were defendants a jury being called came to wit, Samuel Secker, John Snow, Nathan
Smith, Andrew Cunningham, Daniel Crouse, Peter B. Williams, Andrew Turner, John James
John Belcher, Jacob Hucker, Adams Secker, and William Adams, Esqrs who being duly sworn
affirmed respectively to say, (on the 26th of same month) that they find for the Plaintiff
I further certify that on the said 26th January 1843 a motion was made by the coun-
sel for Defendants to discontinue the verdict and for a new trial on reasons filed which said
motion on hearing on the 27th day of April 1843 was over ruled - Viz. the Court

True

In Testimony whereof I have hereunto set my hand and affixed the Seal
of said Court at Deaford the 28th day of April A.D. 1843

John B. Noble

Communications filed with the Will

Remuneration of L. Mann Esq. one of the Executors of the will of the said John B. Noble (Testator)
made by will 27th Oct. 1843 same day notice given to the widow of L. B. Noble and the heirs of the
said in the County to appear on or before the 5th day of April next to settle the account of the said
Executor. (L. Mann Esq. the under of Law Clerk for the County of Deaford) having been notified with a
notice on the 27th of December, and the notice given to the said John B. Noble and the heirs of the said
John B. Noble as well as the heirs of the said John B. Noble and the heirs of the said John B. Noble
to appear in compliance with said notice, Letters of Administration de bonis non with the will annexed
granted to Daniel B. Noble, he having given bond with security of \$1000 and having been sworn
in to Law

John B. Noble

1. The first part of the paper discusses the importance of maintaining accurate records of all transactions. This is essential for the proper management of the company's finances and for ensuring compliance with relevant regulations. The second part of the paper describes the various methods used to collect and analyze data. This includes both qualitative and quantitative techniques, as well as the use of statistical software. The third part of the paper presents the results of the study, which show that there is a significant correlation between the variables being studied. Finally, the paper concludes with a discussion of the implications of the findings and some suggestions for further research.

Morgan - From checking census records - I believe Abraham Oylers' father is Abraham also. Ron Claypool wrote a booklet on Leonard / Leonhardt that included Abraham Oylers & Emily Oylers. He did not find a Walter before Abraham. Abraham did have a son, Walter.

born in 1861

Dear Morgan,

Sorry it took so long to figure out your codes and get this back to you. Our daughter disappeared when she was just 15 years old, and would now be 19. This stress has caused me to have a lot of trouble focusing and concentrating on something. I think I finally have a little time and can focus a little more. I appreciate all the work you have done. I'm enclosing a check to help with your printing etc.

John Oyler and Dorothy Hulett are the parents of three children:

Myself-Dorothy Mae Oyler b. 7-28-35
Francis Dwayne Oyler b. 8 Mar 1938; d. 21 Aug 1938 both in SD
Gordon Niel Oyler born in 1940, still living

John & Dorothy were divorced in 1940.

My mother, Dorothy, and I are both members of the LDS church. The IGI gives you the ordinances that are done so that families can be together in the next life. Since I lived with my mother all my life, my brother Francis and I are sealed to my mother and to Carroll Quam, my stepfather. My other brother, Gordon, is still living and is not a member of the church so he is not sealed to either parent.

John
9
TOTAL
CHILDREN

John married Virginia Siebrecht in 1940; they had 6 children:

- (2) John Larry b. 1941 21167
- Twins b. 1943 21170-1
- Child b. 1945 21166
- Child b. 1953 21172
- Child b. 1955 all b. in SD 211902

Henry Lemuel Oyler and Emilie Petrova (known as Millie Petr in US) had 10 children:

- 21162 Charles (Charlie) Oyler b. 14 May 1911 in OK, d. 5 Feb 1982 in SD
- 21163 John Adolph Oyler, b4 Jan. 1913
- 21173 Lydia Helen Oyler b. 11 Oct 1914; d. 30 Oct 1914 both in SD; married James Muck 21174
- 21177 Walter Marion Oyler b. 25 Nov 1916
- 21183 Lemul Henry Oyler b. 29 Dec 1918 in SD
- 21191 Albert James Oyler b. 25 May 1921 in SD
- 21199 Louie Oyler b. 10 Jun 1923 in SD
- 21208 Millie Laura Oyler b. 4 Oct 1925 in SD; married Willard Van Vickie
- 21212 Joe Lindy Oyler b. 27 Dec 1927 in SD
- 21220 Grace Marie Oyler b. 3 Oct 1931 in SD; married Jens Jensen

Lemul - correct spelling
I'm checking to see if Louie is given name.
I'm checking to see if Lindy is given name.

I'll enclose a disk with family group records for Abraham Oyler & Emily Leonard. A man named Don Claypool with the Illiana Genealogical Society in Oakwood, IL, sent me census records for IL over 40 years. It looks like Abraham Oyler b. 1836 is the son of Abraham Oyler b. abt 1790 in Virginia and married Catherine Swisher. The 1850 and 1870 census shows two Abrahams but not a Walter. I think someone may have looked at Abraham Oyler's (b. 1836), son Walter b. 1821 & married Sarah McHenry. Anyway, I am using Abraham as the father instead of Walter until I get some further proof.

What are your sources F5, Oyler Family Heritage, and Wm Monroe Oyler, 37.69. Also the Phone Disc USA, 1992 and City Directory, TR 98 etc. Are any of these sources on CD's or on the internet? You have some names and places that I don't have. Who is Wm Monroe Oyler? I would appreciate any ideas from you as to good resources for that area in IL.

Hope this helps some. Let me know if you get the info OK.

Dorothy M. Nash

Dottie

F5 - JOHN ABRAHAM OYLER, R.C.M.

JUDICIAL WATCH's over 315,000 supporters -- wonderful patriots like you who are heartsick at how the Clintons and Al Gore have defiled the White House and how the Republicans have stood by and done almost nothing.

Over the next 60 days, we will focus special attention on Al Gore -- and the key role he played in the "Chinagate" scandal.

As I'm sure you've noticed, the media tries to portray Al Gore's Buddhist Temple event as a routine fundraising scandal, no different from Republican fundraising violations.

We want America to understand very clearly that Al Gore's Buddhist Temple event was very different ... because it was part of a money-laundering scheme for Communist Chinese money flowing into the 1996 Clinton-Gore re-election effort.

At exactly the same time this Communist Chinese money was flowing into the 1996 Clinton-Gore re-election effort, America's most sensitive nuclear missile technology was being sent to Beijing.

This is not just a run-of-the-mill campaign fundraising scandal. In my view, this is treason.

But Republican leaders in Congress don't want to pursue "Chinagate" aggressively because they don't want their own corrupt fundraising practices exposed.

So the Republicans are content to "let sleeping dogs lie."

This leaves JUDICIAL WATCH as the only and best hope to bring Al Gore and the Clintons to justice for "Chinagate" and the 132 separate Clinton-Gore White House scandals I've recently counted.

I know it's a little confusing to understand how an independent public-interest law organization like JUDICIAL WATCH can be more effective than Congress, the FBI or the Justice Department at bringing Bill Clinton, Hillary Clinton and Al Gore to justice for crimes they committed while in office.

But the truth is, we are far more effective than any government law enforcement agency at getting results. Here's why.

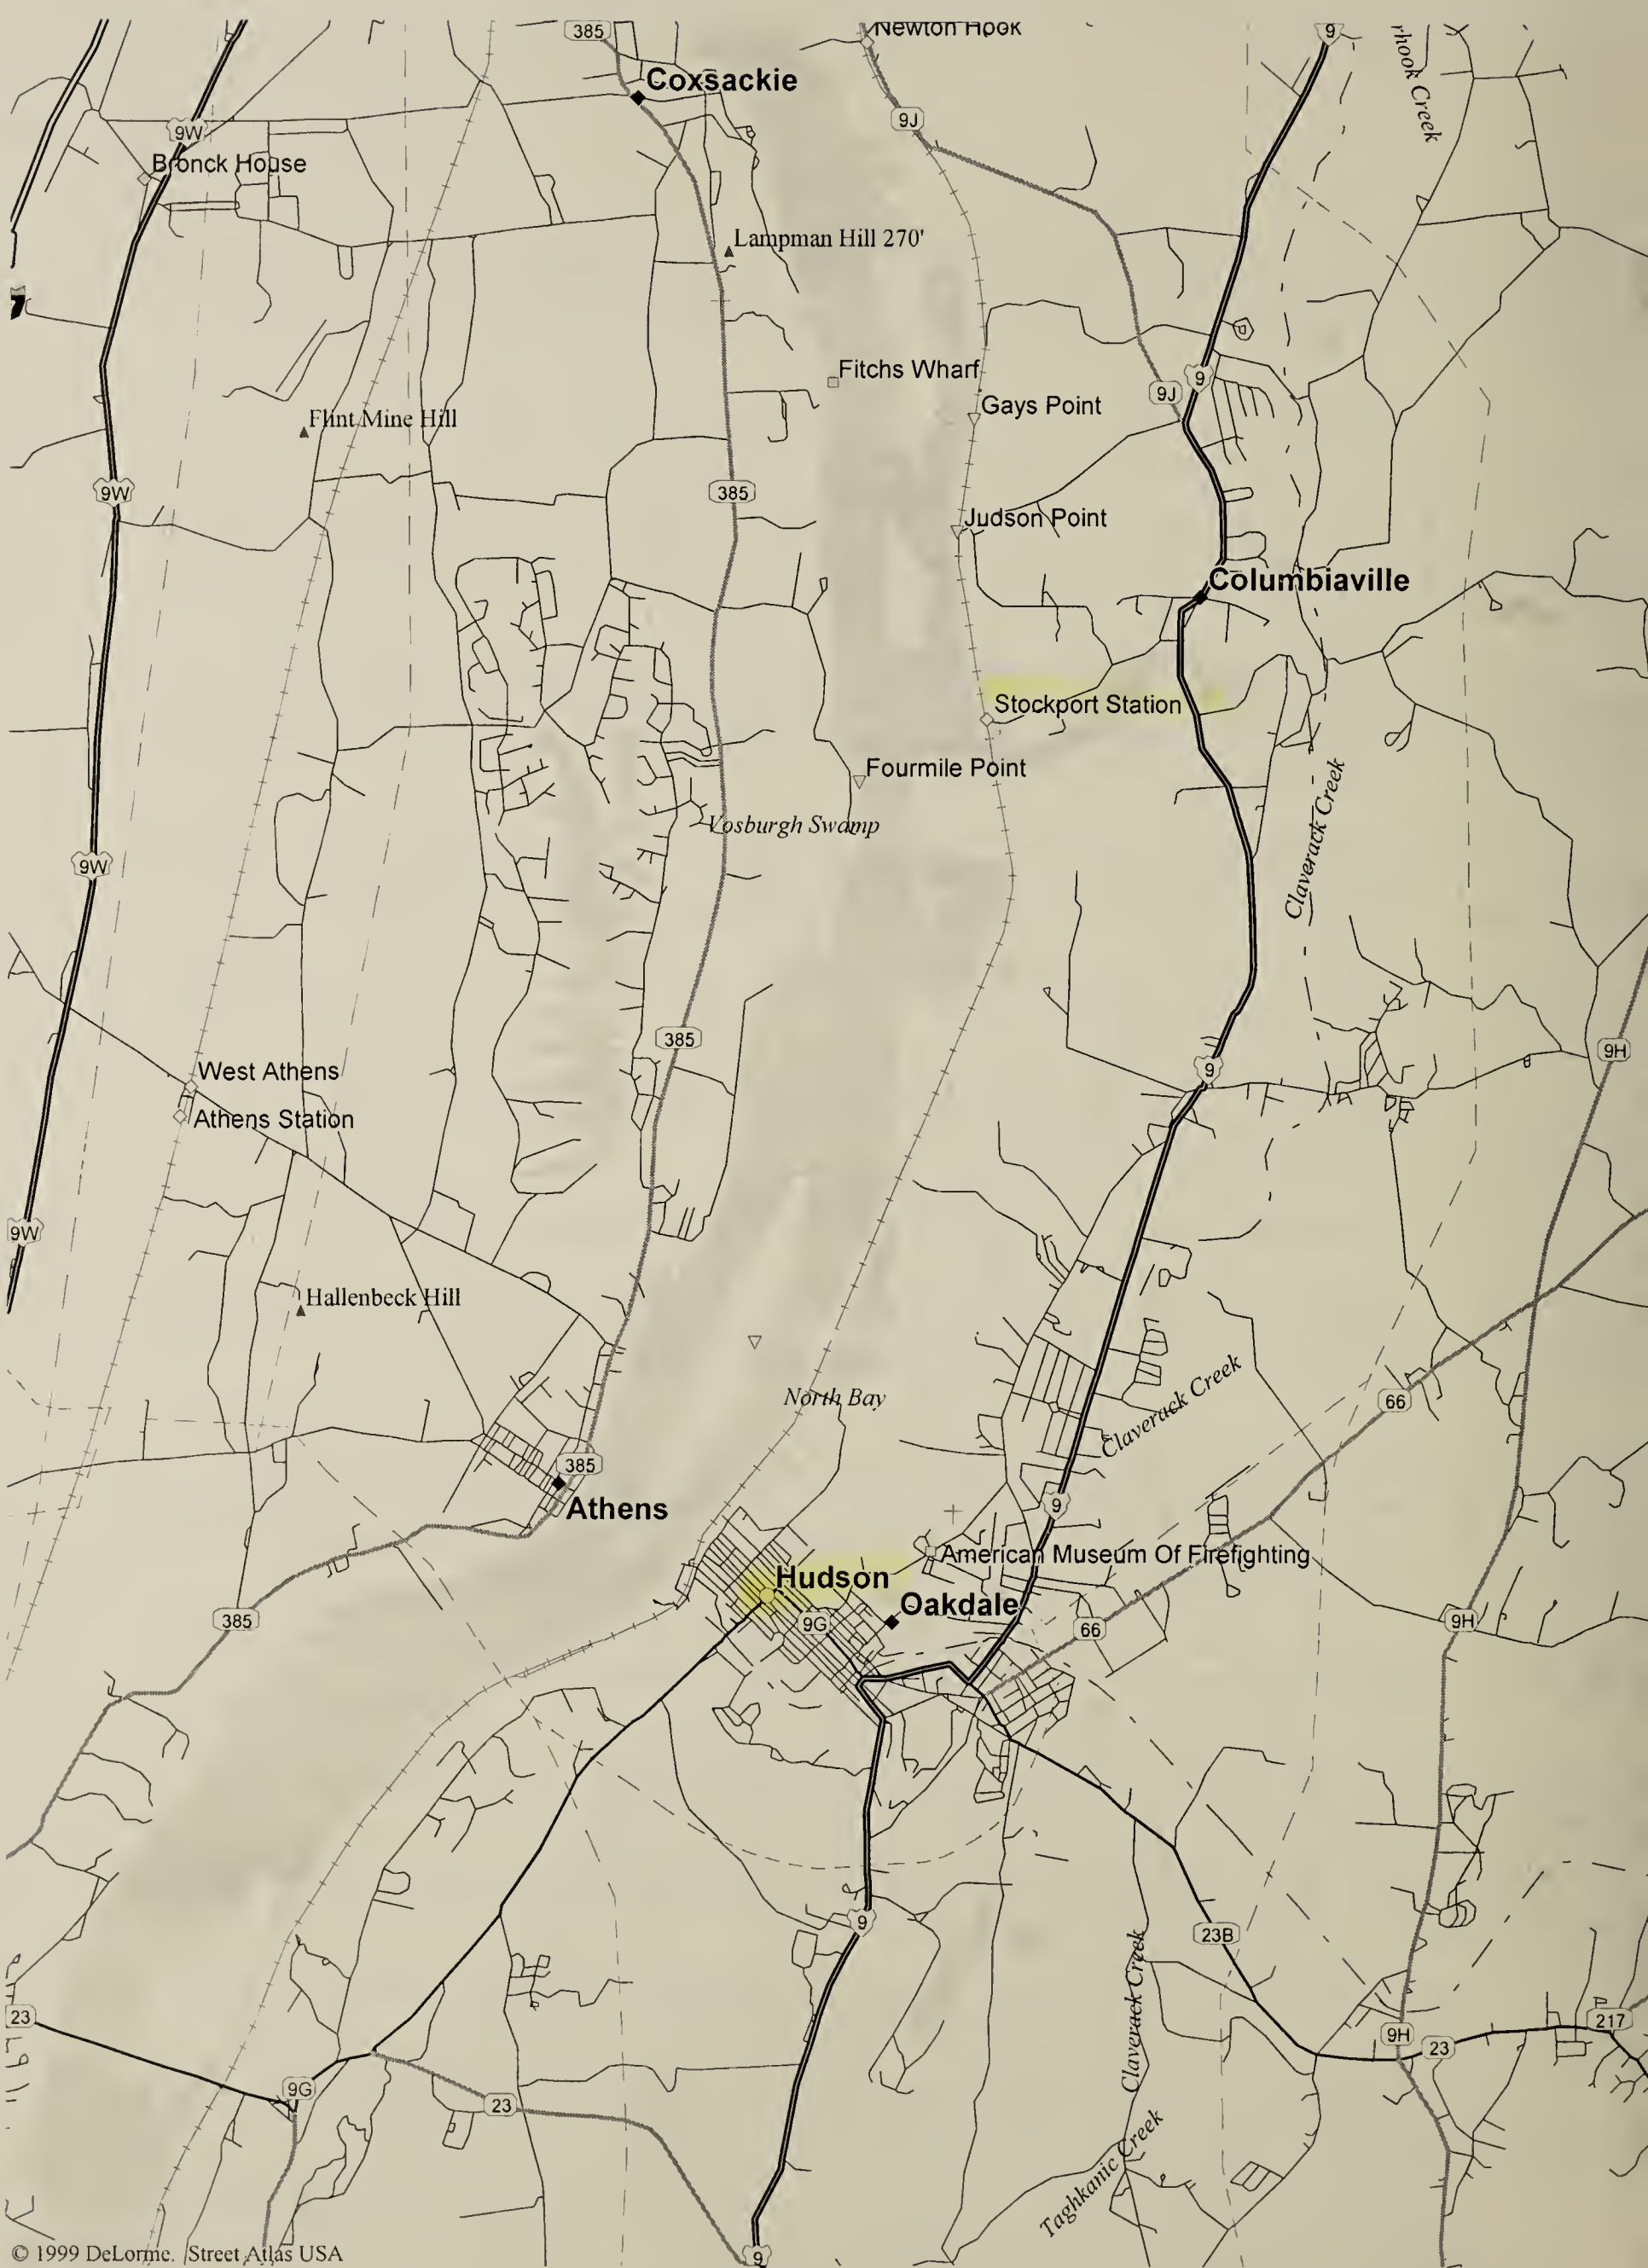

As I've described to you in previous letters, we have found a way to use the civil justice system in a creative way to ensure accountability on the part of our political leaders.

Just like O.J. Simpson was held accountable in civil court after the criminal justice system failed ...

... so JUDICIAL WATCH will hold Al Gore and the Clintons accountable for crimes they have committed in office.

As you saw in the O.J. Simpson civil trial, civil penalties can be very severe. And, when obstruction of justice is found in

(Please continue letter)

rampant has been the corruption in their White House and in every area of their Administration.

I see no way we can conclude all of our over 70 lawsuits with full-blown jury trials by the end of this Administration.

And I'm sure we will continue to uncover many more crimes by Al Gore and the Clintons as our lawsuits proceed through the court system.

Unlike Congress, Ken Starr and the other so-called "Independent" Counsels, we have no artificial time-limits imposed on us that allow Al Gore and the Clintons to win just by stalling and delaying and refusing to comply with subpoenas.

And, I'm sure you'll agree that time should not be a factor in bringing criminals to justice and restoring integrity to our highest elected offices.

We refuse to let Al Gore and the Clintons turn America's government into a cesspool of corruption like we find in Third World Banana Republics.

We refuse to allow Al Gore and the Clintons to use the IRS and other agencies of government to target and destroy their critics (as we have seen them do over and over again over the last 7 1/2 years) ...

... which is what our FBI "Filegate" and related lawsuits are all about.

We refuse to allow Al Gore and the Clintons to turn America's most sensitive nuclear missile guidance system technology over to Communist China in exchange for millions of dollars in illegal campaign contributions ...

... which is what our 11 active lawsuits concerning the "Chinagate" scandal are all about.

So I hope you can see why I very much hope you will decide today to help fund the enclosed \$21.6 million budget proposal which will enable JUDICIAL WATCH to immediately become America's one and only "True Independent Counsel" ...

... and ensure that we will be able to fully prosecute all 70 plus active lawsuits JUDICIAL WATCH now has in the courts against Al Gore, the Clintons and other corrupt high government officials, lawyers and judges.

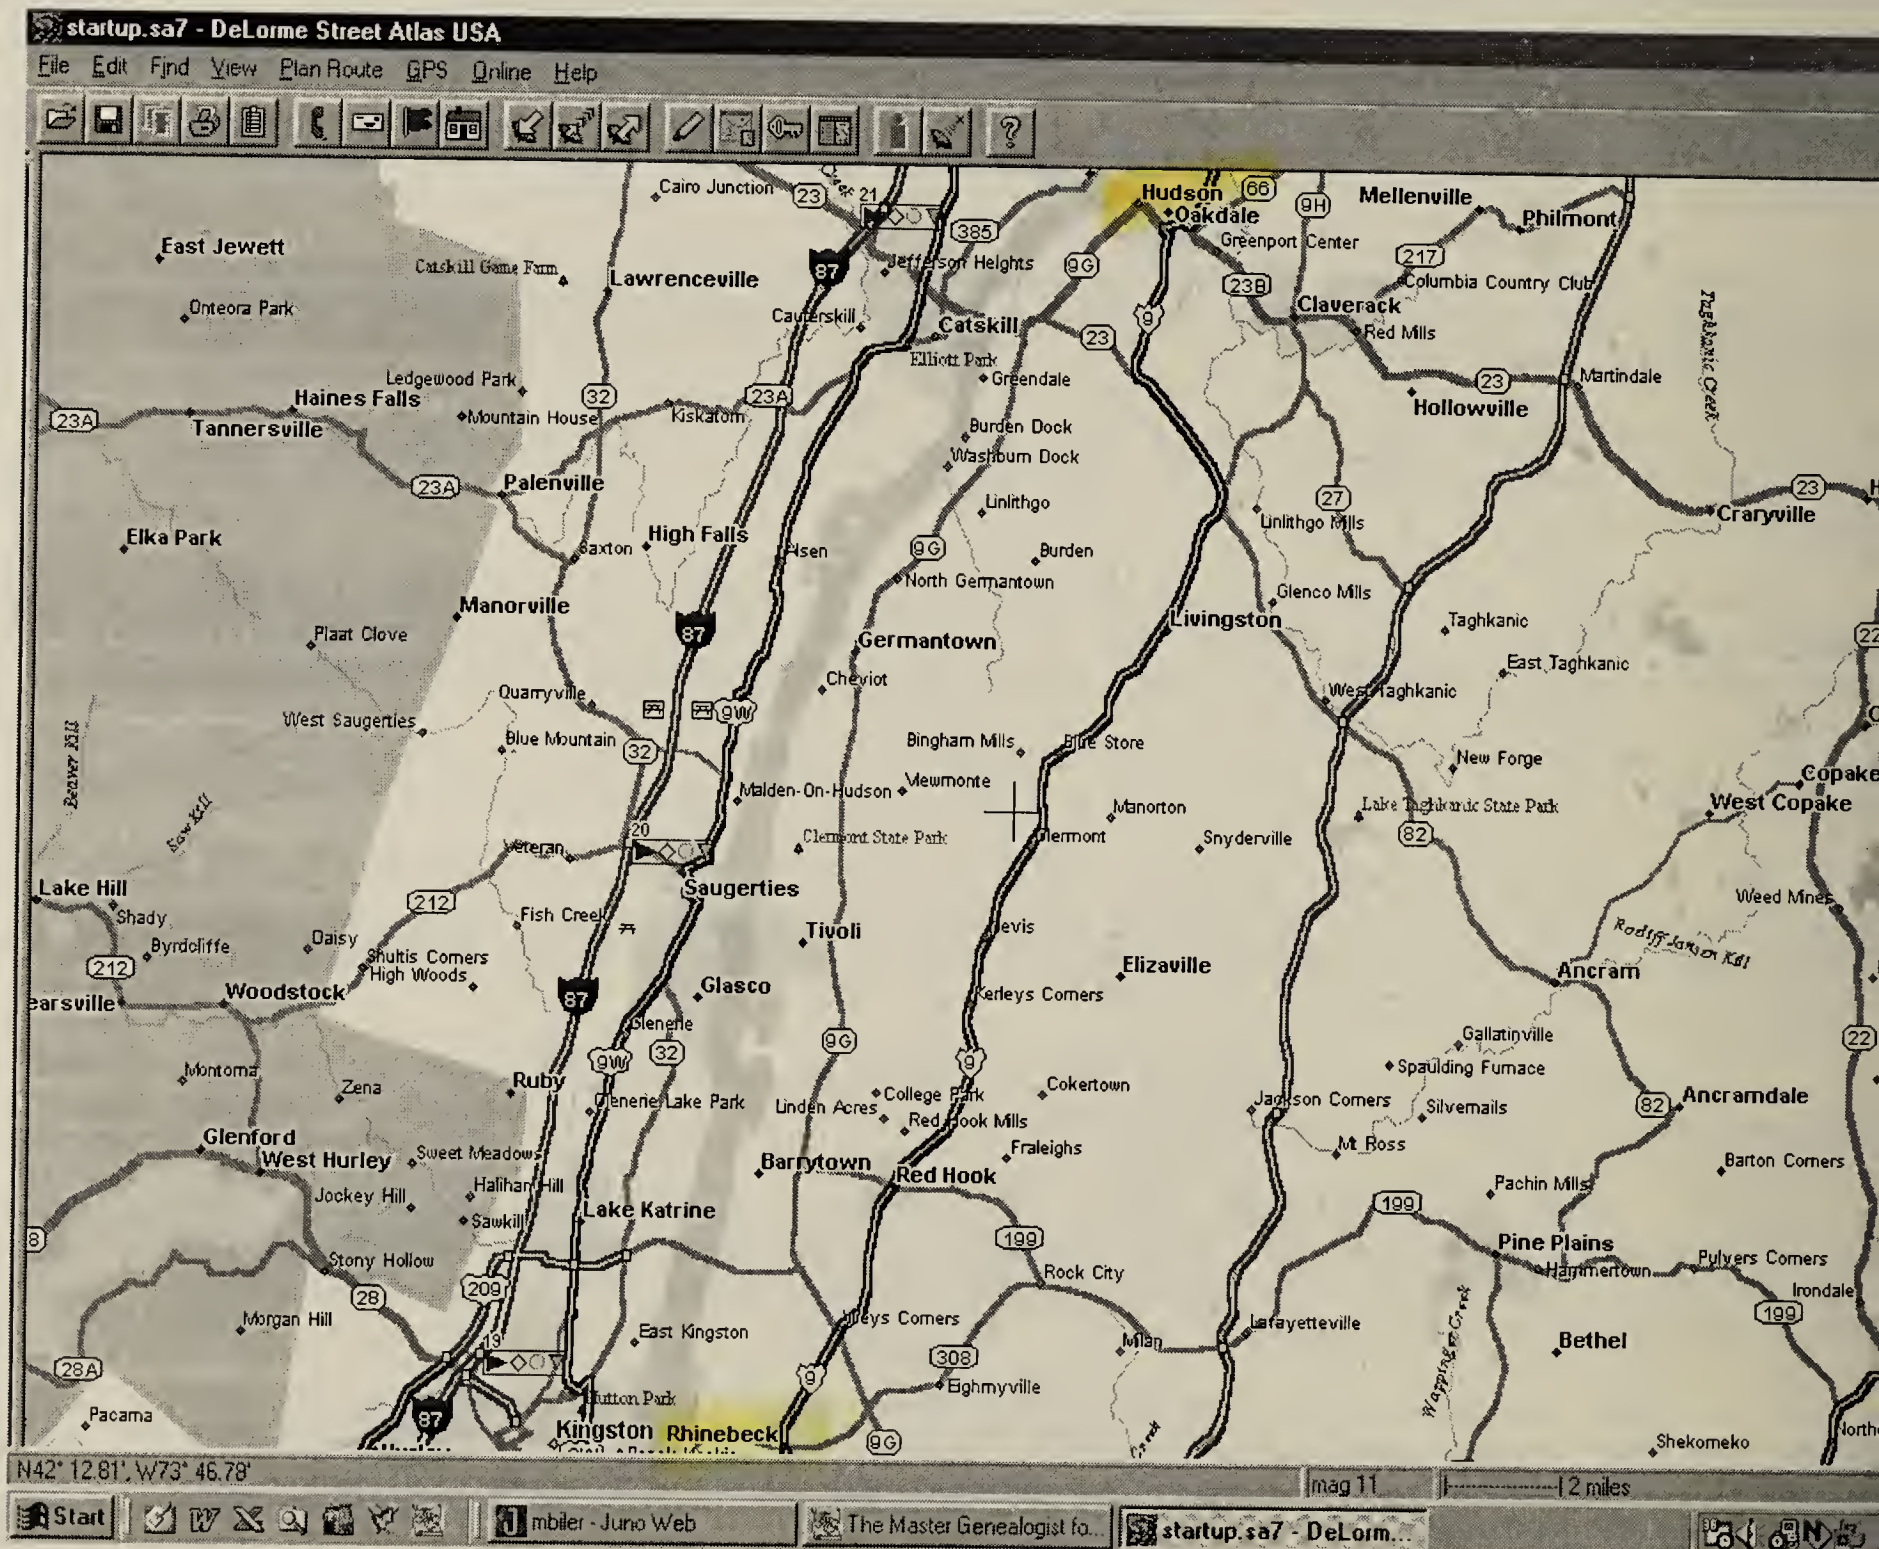

To help us fund this budget proposal ... will you send a contribution of \$100 today?

I realize this is a substantial request.

I also know that this would be the largest donation you may have ever sent Judicial Watch.

If this is too much for me to ask you for right now, perhaps

Re: 6464 Bruner, Adam. 35455 Bruner Henry & related? - gf? 1

Margaret Bone Collier

85

"Joffmire here and there"

Bruner Chart, page 263 { Some doubt Adam's wife was Mary Cotes
or that she was Martin Joffmire's 2nd wife

"According to Bruner family researchers, Martin Charles Joffmire's second wife was Mary Cotes (Otis). She had married, first, Adam Bruner, who had come to America from Alsace Lorraine, with his three brothers, before the Revolutionary War, Adam died in Pennsylvania, either just before leaving for Canada, or during the journey. His sons said he was killed by Indians."

³⁷⁹⁹⁵
Children of Adam Bruner were:

1. Susannah Bruner b 1770 d 1854 - 37961

m. 3 May 1801 Jonas Fox b 1774 in Baltimore, Md., d 1846.
³⁷⁹⁶⁰

son of Philip Fox and Catherine Lamer.
³⁹¹ ³⁹²

2. George Bruner b 1778 Penn. d. 12 May 1835 buried
³⁷⁹⁹⁶

Baptist Cemetery, Olinda.

m. Elizabeth Joffmire b 1784 d. 8 Oct 1868 daughter of
³⁷⁹⁹⁷
³⁵⁶¹⁰

Martin Joffmire and Eva Meenger 35611

⁶⁴⁶⁴
3. Adam Bruner b 1782 d 1855 in Essex Co., Cal.

m. 1. 30 Apr 1805 Judith (Fox) Joffmire, widow of
³⁷⁹⁶⁴

Henry Joffmire
³⁷⁹⁶⁵

4. Rev. Henry Bruner ⁶⁶⁶² b 30 Oct 1785 d. 21 Mar 1862, Olinda

m. 1. 3 June 1809. Elizabeth Webb, b 18 Oct 1791, daughter of
⁶⁶³⁰

Andrew and Mary Ann Webb, who died prior to her mother (Mary Ann died 22 Mar 1849)

[my maternal g.g grandparents and g.g.g grandparents]

Children of Rev Henry Bruner - Elizabeth Uleh [my maternal gg parents] ² (86)

1. Bruner, Mary m. 23 Feb 1831, Detroit, Frederick (Lebeau) Levi
20 Oct 1809 /
2. Bruner, Barbara m. 23 Oct. 1832 Sherr. Fox, son of Philip's Fox,
3 Sept 1811 / 27 Oct 1894 Sarah Sieder.
- 3 Bruner, Judith m. 10 Sept 1833 George Deschurst
20 Aug 1813 / Illinois
- 4 Bruner, Adam Franks m. 17 Nov. 1835 Melvina Madeline Levy (Levi)
7 Sept. 1815 / 8 Oct 1898 Ont. Registrar
5. Bruner, Jacob Eliza Howe
22 Mar 1817
6. Bruner, Peter m. 27 Dec 1842 Jane Upcott
2 Aug 1819 / 15 Sep 1885
- (7) Bruner, Ruth Faith m. 17 Sept 1841 John Battisot / Bathshill
see BRS.87 30 Oct 1821 Ont Registry of Western Marriages
[my Maternal great grandparents]

b lived Warner S D in 1959, 1962

The first part of the paper discusses the importance of the study and the objectives of the research. It then proceeds to a detailed description of the methodology used, including the data collection and analysis techniques. The results of the study are presented in the following section, followed by a discussion of the implications and conclusions. The paper is organized into several sections, each focusing on a specific aspect of the research. The first section provides an overview of the study, while the subsequent sections delve into the details of the methodology, results, and conclusions. The final section discusses the broader implications of the findings and offers suggestions for future research.

The first part of the paper discusses the importance of maintaining accurate records of all transactions. It is essential for the business to have a clear and concise record of all income and expenses. This will allow the business to track its financial performance over time and identify areas for improvement. The second part of the paper discusses the importance of maintaining accurate records of all assets and liabilities. This will allow the business to track its net worth over time and identify areas for improvement. The third part of the paper discusses the importance of maintaining accurate records of all taxes paid. This will allow the business to track its tax liability over time and identify areas for improvement. The fourth part of the paper discusses the importance of maintaining accurate records of all debts. This will allow the business to track its debt liability over time and identify areas for improvement. The fifth part of the paper discusses the importance of maintaining accurate records of all equity. This will allow the business to track its equity over time and identify areas for improvement. The sixth part of the paper discusses the importance of maintaining accurate records of all other financial information. This will allow the business to track its overall financial performance over time and identify areas for improvement.

The "History of Seneca County Ohio", Warner Beers, 1886, page 883, lists George PUFFENBERGER of Seneca County Ohio as the son of Christian and Catherine PUFFENBERGER. It also says that Christian was a servant of Dutch nobility. This is a reliable source. The information came from PUFFENBERGER descendants. My opinion is that this article is missing a few generations and that the George of Seneca County was mistaken for the George who was the Immigrant Ancestor. Because of the confusion of their naming system which uses "Johannes" as the first name for many of the male children in the same family, and because the name Christian shows up in this family, I believe there is some truth to this family story.

The first part of the paper discusses the importance of the
 research and the objectives of the study. It is followed by a
 literature review which covers the theoretical background and
 the previous studies in the field. The methodology section
 describes the research design, the data collection methods,
 and the statistical analysis used. The results section
 presents the findings of the study, and the discussion
 section interprets the results and discusses their implications.
 The conclusion summarizes the main findings and suggests
 directions for future research.

The following table shows the results of the experiments conducted on the effect of the concentration of the solution on the rate of reaction. The data is presented in a clear and concise manner, allowing for easy comparison of the results.

Concentration of Solution (M)	Rate of Reaction (mol/L·s)
0.1	0.02
0.2	0.04
0.3	0.06
0.4	0.08
0.5	0.10

The results indicate that the rate of reaction increases linearly with the concentration of the solution. This suggests that the reaction is first-order with respect to the concentration of the solution.

The following table shows the results of the experiments conducted on the effect of the temperature on the rate of reaction. The data is presented in a clear and concise manner, allowing for easy comparison of the results.

Temperature (°C)	Rate of Reaction (mol/L·s)
20	0.02
30	0.04
40	0.08
50	0.16

The results indicate that the rate of reaction increases exponentially with the temperature. This suggests that the reaction is highly sensitive to changes in temperature.

THEORY OF THE EARTH

CHAPTER I. OF THE ORIGIN OF THE EARTH.

THE EARTH, as we see it, is a globe, or sphere, of a very great size. It is composed of a solid mass of matter, which is divided into several parts, or regions, called continents, islands, and seas. The continents are the large tracts of land, which are separated from each other by seas or oceans. The islands are small tracts of land, which are surrounded by water. The seas or oceans are the vast expanses of water, which cover the greater part of the earth's surface. The earth is also divided into several parts, or regions, called climates, or zones. These are the regions, which are distinguished by their temperature, and the nature of their productions. The earth is also divided into several parts, or regions, called ages, or periods. These are the periods, which are distinguished by the state of the earth, and the nature of its productions. The earth is also divided into several parts, or regions, called nations, or peoples. These are the nations, which are distinguished by their language, customs, and laws. The earth is also divided into several parts, or regions, called cities, or towns. These are the cities, or towns, which are distinguished by their buildings, and the number of their inhabitants. The earth is also divided into several parts, or regions, called villages, or hamlets. These are the villages, or hamlets, which are distinguished by their small size, and the few number of their inhabitants. The earth is also divided into several parts, or regions, called houses, or dwellings. These are the houses, or dwellings, which are distinguished by their structure, and the number of their inhabitants. The earth is also divided into several parts, or regions, called fields, or gardens. These are the fields, or gardens, which are distinguished by the crops, which they produce. The earth is also divided into several parts, or regions, called mountains, or hills. These are the mountains, or hills, which are distinguished by their height, and the nature of their productions. The earth is also divided into several parts, or regions, called rivers, or streams. These are the rivers, or streams, which are distinguished by their course, and the nature of their waters. The earth is also divided into several parts, or regions, called lakes, or ponds. These are the lakes, or ponds, which are distinguished by their size, and the nature of their waters. The earth is also divided into several parts, or regions, called forests, or woods. These are the forests, or woods, which are distinguished by the trees, which they contain. The earth is also divided into several parts, or regions, called fields, or gardens. These are the fields, or gardens, which are distinguished by the crops, which they produce. The earth is also divided into several parts, or regions, called mountains, or hills. These are the mountains, or hills, which are distinguished by their height, and the nature of their productions. The earth is also divided into several parts, or regions, called rivers, or streams. These are the rivers, or streams, which are distinguished by their course, and the nature of their waters. The earth is also divided into several parts, or regions, called lakes, or ponds. These are the lakes, or ponds, which are distinguished by their size, and the nature of their waters. The earth is also divided into several parts, or regions, called forests, or woods. These are the forests, or woods, which are distinguished by the trees, which they contain.

THE EARTH, as we see it, is a globe, or sphere, of a very great size. It is composed of a solid mass of matter, which is divided into several parts, or regions, called continents, islands, and seas. The continents are the large tracts of land, which are separated from each other by seas or oceans. The islands are small tracts of land, which are surrounded by water. The seas or oceans are the vast expanses of water, which cover the greater part of the earth's surface. The earth is also divided into several parts, or regions, called climates, or zones. These are the regions, which are distinguished by their temperature, and the nature of their productions. The earth is also divided into several parts, or regions, called ages, or periods. These are the periods, which are distinguished by the state of the earth, and the nature of its productions. The earth is also divided into several parts, or regions, called nations, or peoples. These are the nations, which are distinguished by their language, customs, and laws. The earth is also divided into several parts, or regions, called cities, or towns. These are the cities, or towns, which are distinguished by their buildings, and the number of their inhabitants. The earth is also divided into several parts, or regions, called villages, or hamlets. These are the villages, or hamlets, which are distinguished by their small size, and the few number of their inhabitants. The earth is also divided into several parts, or regions, called houses, or dwellings. These are the houses, or dwellings, which are distinguished by their structure, and the number of their inhabitants. The earth is also divided into several parts, or regions, called fields, or gardens. These are the fields, or gardens, which are distinguished by the crops, which they produce. The earth is also divided into several parts, or regions, called mountains, or hills. These are the mountains, or hills, which are distinguished by their height, and the nature of their productions. The earth is also divided into several parts, or regions, called rivers, or streams. These are the rivers, or streams, which are distinguished by their course, and the nature of their waters. The earth is also divided into several parts, or regions, called lakes, or ponds. These are the lakes, or ponds, which are distinguished by their size, and the nature of their waters. The earth is also divided into several parts, or regions, called forests, or woods. These are the forests, or woods, which are distinguished by the trees, which they contain.

The first part of the paper discusses the importance of the
 research and the objectives of the study. It is followed by a
 literature review which covers the existing knowledge on the
 topic. The methodology section describes the research design
 and the data collection process. The results section presents
 the findings of the study, and the conclusion summarizes the
 main points and provides recommendations for future research.

The study was conducted in a laboratory setting and involved
 a group of participants who were selected based on specific
 criteria. The data was collected using a series of questionnaires
 and interviews. The results show that there is a significant
 correlation between the variables studied, and the findings
 are consistent with the previous research.

The study has several limitations, including the small sample
 size and the lack of external validity. However, the results
 provide valuable insights into the phenomenon being studied.
 Future research should aim to address these limitations and
 explore the topic further.

The first part of the paper discusses the importance of maintaining accurate records of all transactions. It is essential for the company to have a clear and concise system in place to ensure that all data is properly recorded and stored. This will allow for easy access and retrieval of information when needed.

The second part of the paper focuses on the importance of regular communication and collaboration between all team members. It is crucial for everyone to stay informed and up-to-date on the latest developments and changes within the organization. This will help to ensure that everyone is working towards the same goals and objectives.

The third part of the paper discusses the importance of maintaining a high level of transparency and accountability. It is essential for the company to be open and honest about all its activities and operations. This will help to build trust and confidence among all stakeholders and ensure that the company is operating in a responsible and ethical manner.

The fourth part of the paper focuses on the importance of maintaining a strong and healthy financial position. It is crucial for the company to have a clear understanding of its financial situation and to be able to manage its resources effectively. This will help to ensure that the company is able to meet its financial obligations and maintain a strong and stable financial position.

The fifth part of the paper discusses the importance of maintaining a high level of customer satisfaction and loyalty. It is essential for the company to provide excellent customer service and to be able to respond quickly and effectively to all customer inquiries and complaints. This will help to build a strong and loyal customer base and ensure that the company is able to maintain a competitive edge in the market.

The sixth part of the paper focuses on the importance of maintaining a strong and healthy relationship with all stakeholders. It is crucial for the company to be able to communicate and collaborate effectively with all its stakeholders, including customers, suppliers, and the community. This will help to ensure that the company is able to maintain a strong and healthy relationship with all its stakeholders and to be able to respond quickly and effectively to all their needs and requirements.

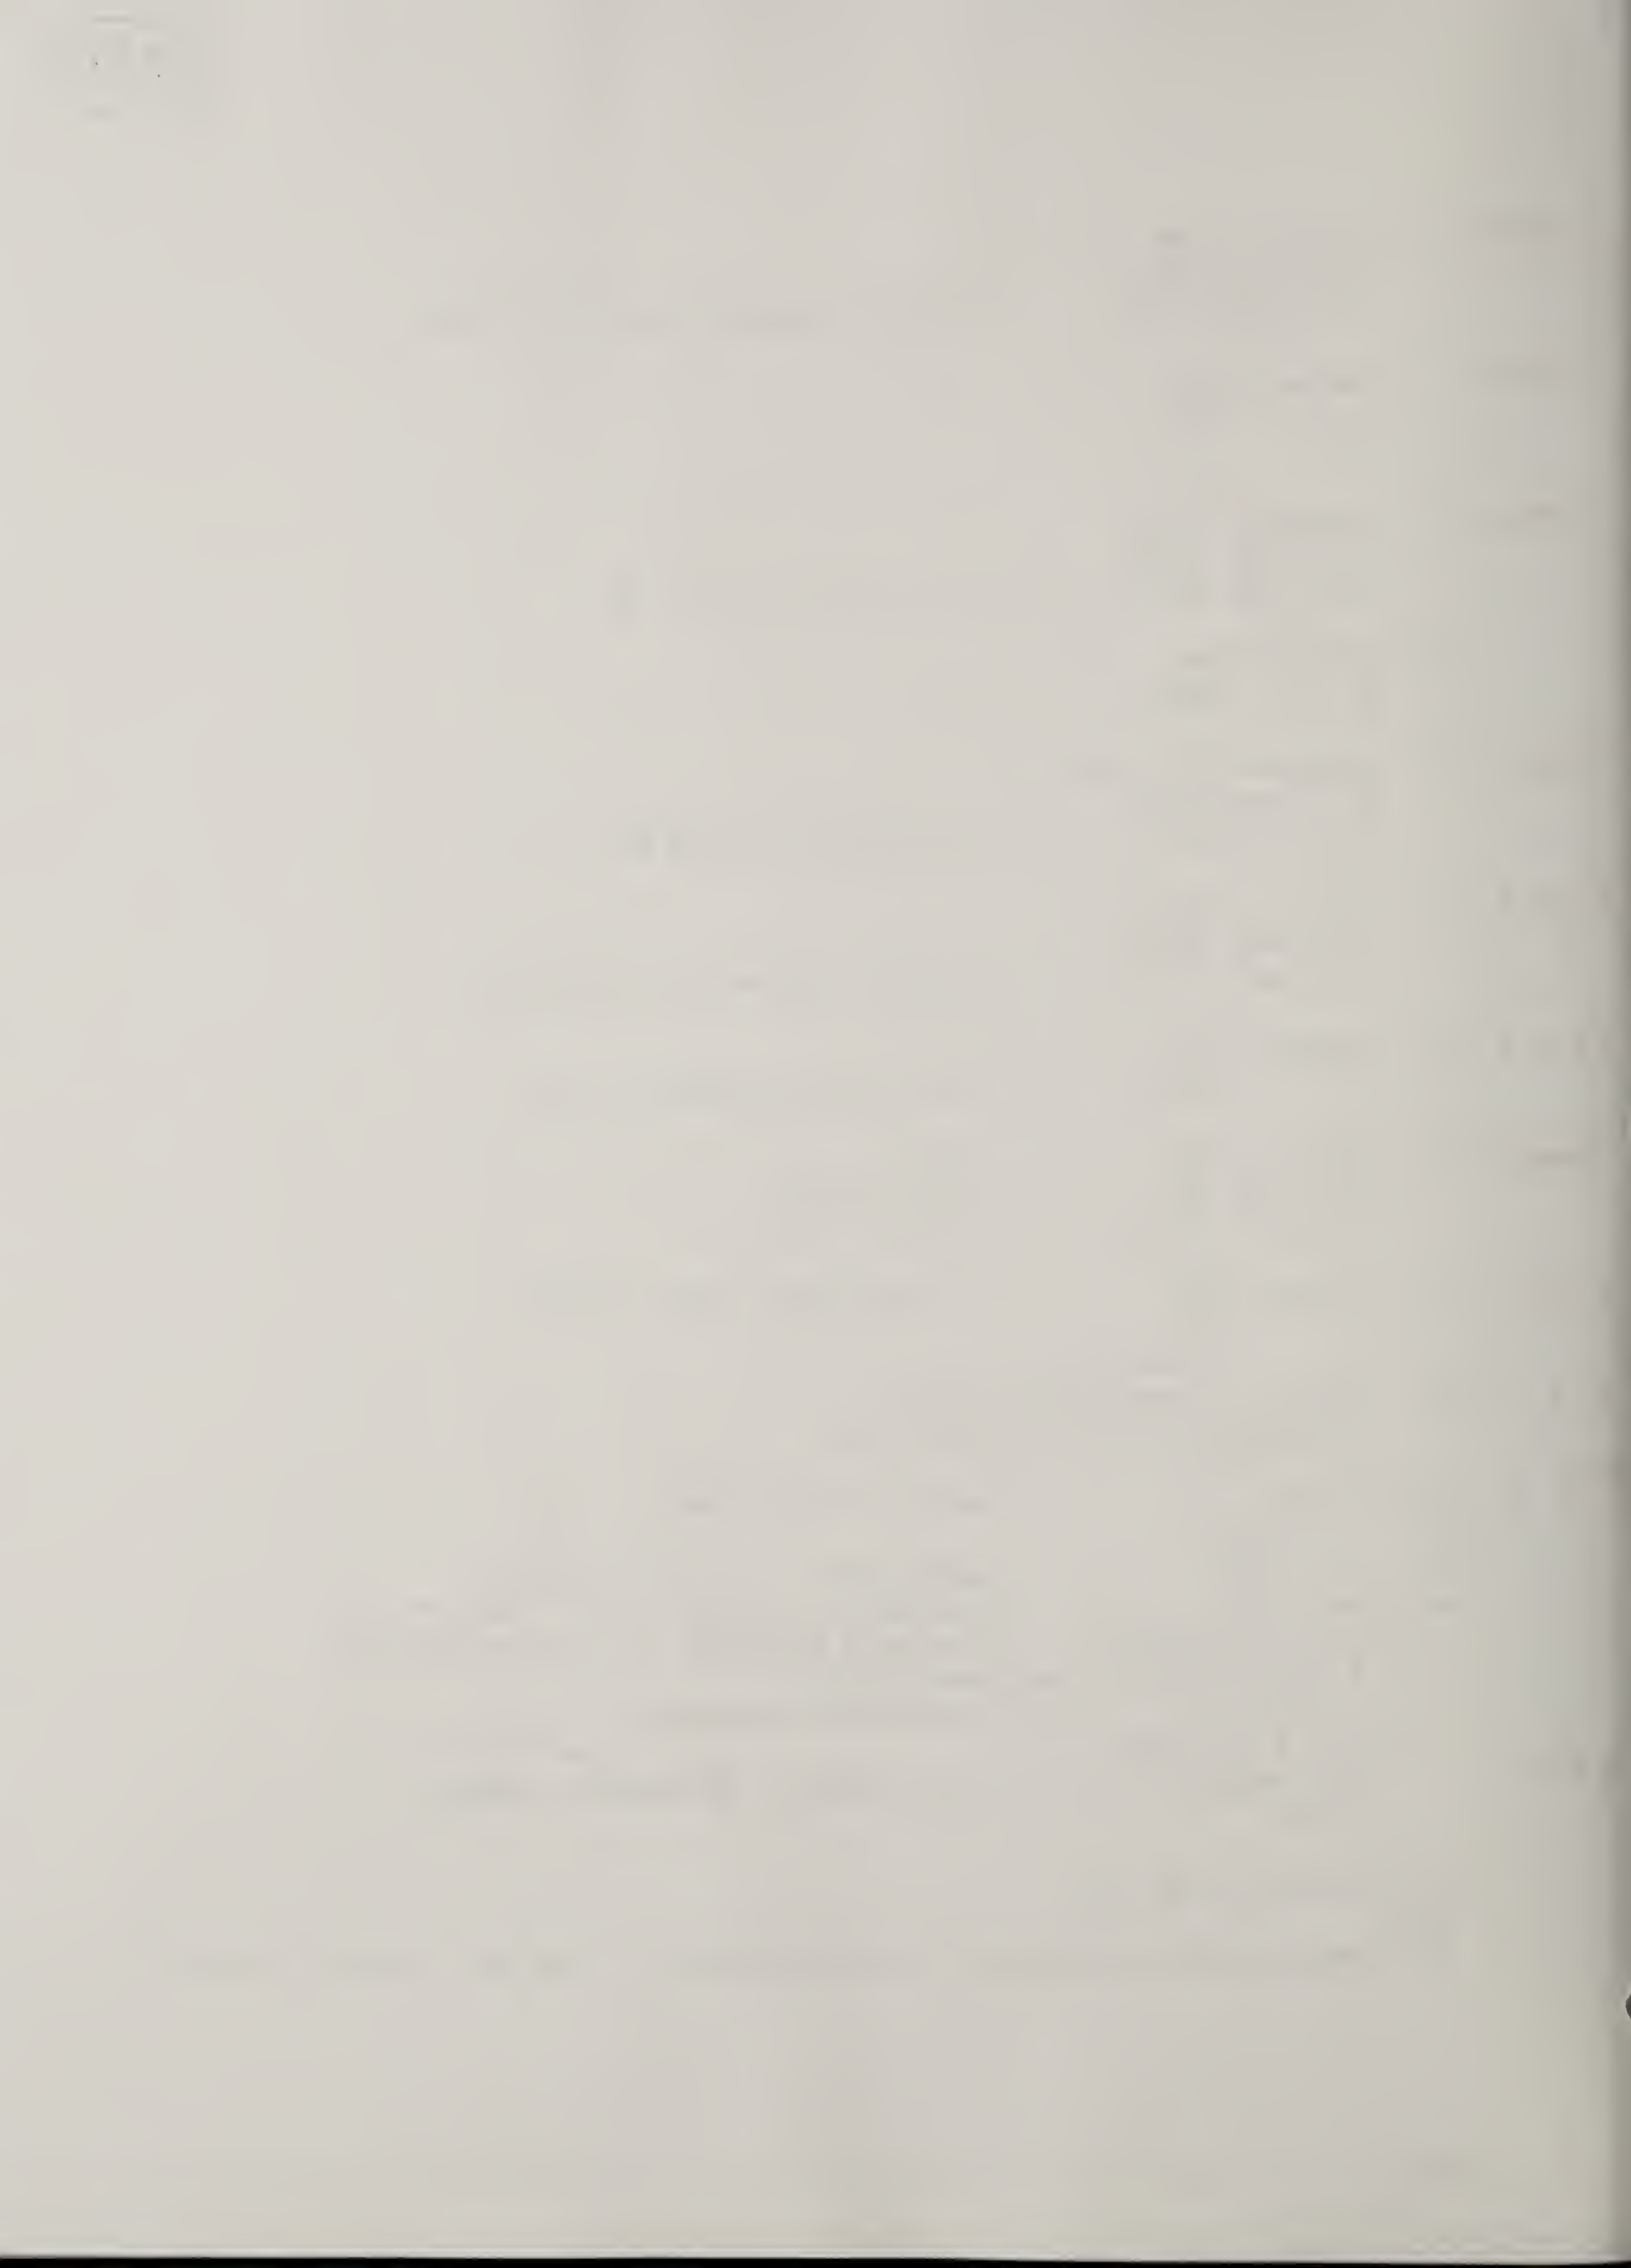

The seventh part of the paper discusses the importance of maintaining a high level of innovation and creativity. It is essential for the company to be able to think outside the box and to come up with new and innovative ideas and solutions. This will help to ensure that the company is able to stay ahead of the competition and maintain a strong and healthy financial position.

The eighth part of the paper focuses on the importance of maintaining a strong and healthy organizational culture. It is crucial for the company to have a clear and concise set of values and principles that guide all its activities and operations. This will help to ensure that everyone is working towards the same goals and objectives and that the company is able to maintain a strong and healthy organizational culture.

The ninth part of the paper discusses the importance of maintaining a high level of flexibility and adaptability. It is essential for the company to be able to respond quickly and effectively to all changes and challenges. This will help to ensure that the company is able to maintain a strong and healthy financial position and to be able to respond quickly and effectively to all its stakeholders' needs and requirements.

The tenth part of the paper focuses on the importance of maintaining a strong and healthy relationship with all stakeholders. It is crucial for the company to be able to communicate and collaborate effectively with all its stakeholders, including customers, suppliers, and the community. This will help to ensure that the company is able to maintain a strong and healthy relationship with all its stakeholders and to be able to respond quickly and effectively to all their needs and requirements.

Welcome to Monowi, Neb. — Pop. 2

HANGING ON: Elsie and Rudy Eiler are the only people left in Monowi, Neb., along Highway 12 near the South Dakota border. Their tavern is the town's only business. But the couple keep Monowi incorporated out of pride and for practical reasons. Below right: A view of the tavern from the old grain elevator.

State's Smallest Town Holds On to Status

"I'm gathering as much Monowi history as I can. There ain't much."

Rudy Eiler
Monowi resident

BY PAUL HAMMILL
WORLD-HERALD STAFF WRITER

Monowi, Neb. — Blackened by two prairie fires in the 1910s, depressed when the railroad pulled out and slowly drained by the exodus of folks to better jobs elsewhere, this old town should have died a long time ago.

Monowi, though, stubbornly hangs on because of the tenacity, imagination and hospitality of its residents.

Both of them.

Rudy and Elsie Eiler are the only people left in this collection of sagging, vacant buildings hidden among the trees and tall brome grass along Nebraska Highway 12 just south of the South Dakota border in Boyd County.

They operate the town's only business, the Monowi Tavern, living in the town's only occupied dwelling — a trailer house up the hill, just past the two badly tilting outhouses that serve the tavern's clientele.

Each spring, the Eilers post legal notices and hold a town meeting, appointing each other to the town

board — he as chairman, the unofficial mayor, and she as clerk-treasurer.

"We've got one boss and one underling," said Rudy, 67, between puffs on a Wm. Penn cigar.

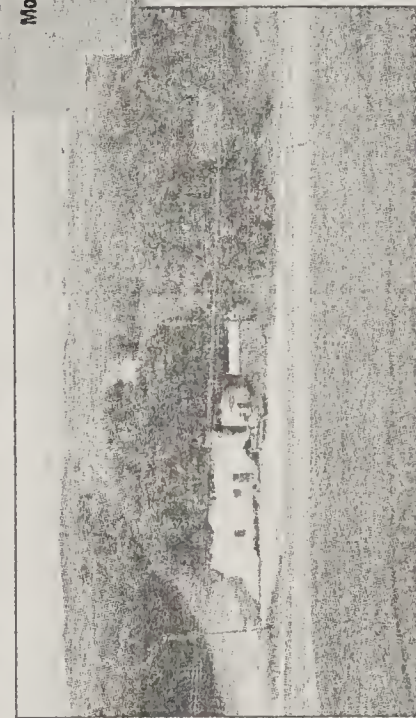

How often are town board meetings held?

"Every night," said Rudy.

"We were going to put up a sign that says: 'Monowi, a town of good people and one grouch,'" said Elsie, 66. "We could take turns."

With a population of 2, Monowi appears safe in its quest to remain the smallest incorporated village in

See **MONOWI** Page 11

MONOWI

Nebraska Town Closing In on Title Of Smallest in U.S.

Continued from Page 1

Nebraska, one step — and two fewer residents — ahead of the nearby, one-tavern town of Gross, which now has four residents.

Monowi may be closing in on the title of smallest town in the United States, though a town in Oklahoma — Hoot Owl — is still listed as a village even though its population is zero, according to the 1995 book, "Our Smallest Towns: Big Falls, Blue Eyes, Bonanza and Beyond" by Dennis Kitchen.

But even with only a pair of people, Monowi has managed to swim among the big fish in the pond of national publicity.

As in 1992, when Elsie made Paul Harvey's national radio commentary show.

She had written Harvey to complain about the U.S. Census Bureau, which made numerous mistakes in counting the town's then-eight residents.

Even though Elsie personally watched the local census taker fill out their forms, Monowi's official census came out with only six residents. The number of children (three) and married couples (two) in town also were miscounted.

In 1995, filmmaker Ken Burns visited town, scouting for pristine locations on the nearby Missouri River for his public television documentary on the Lewis and Clark expedition. Rudy obliged, taking Burns and his troupe on a bumpy ride to the river in his four-wheel-drive pickup. That segment of the river, one of the last unspoiled stretches of the Missouri, was shown frequently during the show.

"My name is on the list of credits," said Rudy.

Later that year, Monowi made news again when a portrait of its residents ran on the front dust jacket of Kitchen's book on small towns. The town even made a segment on the CBS "Sunday Morning" show.

Being one of America's smallest towns is not something Monowi's citizens play up. There are no "smallest town" signs, T-shirts or mugs, no "smallest town" festival. Just an understanding that Monowi is one of the smallest towns, and an endless string of stories about it.

"We've had a lot of fun with it," said Elsie. "We've gotten letters from all over from people who've heard about Monowi or heard the story on Paul Harvey."

Mostly, Monowi's tavern is a good gathering place for local farmers and residents of nearby towns, a place to exchange the latest joke or news about rainfall and cattle prices.

Rudy mans the bar and weighs aluminum cans people bring in for recycling, a side business for the Eilers. Elsie is the waitress and cook, slinging burgers and, at feeds twice each winter, fried bluegill caught in local ponds.

"Elsie's got the best steaks in the county," said Dick Christensen of Verdel.

Monowi's weed-lined, gravel main street — Broad Street — is patrolled by the town dog, George, a yellow mutt who sleeps in a culvert and hasn't been touched by a person since he was dropped off in town 13 years ago.

"I bet you 10 bucks you can't get close to him," said Rudy.

The story of Monowi (pronounced

LAURA INNS/THE WORLD-HERALD

MONOWI IN 1910: Businesses lined both sides of the main street. The town was founded in 1902 when the Chicago & Northwestern Railroad line went through.

MAH-no-why) is the story of many small towns in Nebraska.

Named for an Indian word for "flower" or "prairie flower," it was founded with great promise in 1902 when the Chicago & Northwestern Railroad line went through. A post office was moved to town. A large cattle-loading facility brought ranchers from a broad distance.

From behind the bar, Rudy produces two photographs from 1910 that show two rows of businesses on either side of the main street. A Methodist church was built that year, too, he said.

"I'm gathering as much Monowi history as I can," Rudy said. "There ain't much."

The history books say that the town's population peaked at 123 in 1930, but the Eilers think it might have been higher before that.

Two prairie fires, the last in 1912, devastated the town, and the population began a slow spiral downward — 99 in 1955, 18 in 1980 and 8 in 1990.

"It's kind of sad, yes, but it's a matter of economics," said Elsie. "There isn't anything to keep any young people here."

By 1971, when the Eilers bought the tavern, there were only 22 residents. That same year, the post office was closed and moved to Lynch. The local grocery store shut down soon afterward.

The 1990s saw further decline. The family of Pat and Roger Brockman, all five of them, moved to a new earthen home just outside of town about five years ago.

"We call it suburban Monowi," said Pat Brockman, who teaches school in

Lynch.

A year ago, another Monowian, Agnes Lemmons, 90, moved to a new house in O'Neill, about 50 miles away.

"She had to come over the other day and check on one of her cats she lost. He's still here," said Elsie.

So now it's just Rudy and Elsie, a vacant grain elevator, a long-abandoned school, the old church (now used for storage) and a handful of vacant homes in various stages of losing their paint and being covered over by trees and brush.

There is one other business in town, sort of. Across Highway 12, Rudy has a collection of empty trailers and buildings, from which locals salvage parts on an as-needed basis.

"I got an almost brand-new float for a toilet over there the other day," said Howard Grimm, whose ancestors ran a hat shop and cream station in Monowi during the boom years before World War I.

"We don't have a Kmart. We have an E-mart (for Eiler). It's open 24 hours a day."

While some dying towns have voted to quit being incorporated because of the paperwork, the Eilers keep Monowi incorporated for reasons of pride and practicality.

Because it is incorporated, the liquor license for the tavern goes through the town board instead of a faraway council of county commissioners. So each year, the Eilers sign the renewal papers for their own liquor license.

They have deferred the annual legal chore of approving one- and six-year road plans for the village to a county highway supervisor, who handles the job for a handful of small towns in the area.

As an incorporated village, the town gets checks every year from the state — about \$85 in general state aid, \$363 from the municipal equalization fund, \$14.79 from an infrastructure improvement effort and about \$3,100 a year for road improvements.

Elsie, the village treasurer, sends all the road money to Boyd County, whose crews plow the road through Monowi. The rest of the money is used to pay the town's monthly light bill, \$27.21, and build up a reserve to maintain the town well.

"We've got it built up enough that there isn't a problem if the town well goes bad," said Elsie.

Monowi has seen one windfall as a municipality: In 1990, it received

\$10,000 from the Central Interstate Low-Level Radioactive Waste Commission as part of the "incentive funds" for towns in Boyd County, which had been picked as the site for a waste repository.

"It was pretty neat," Elsie said. "Any town was eligible for that. They just had to apply."

About \$4,000 was used to spruce up the town and build a new well house for the town well. The rest went to the county hospital in Lynch.

Today, Monowi plugs on. It appears that it will have a good hold on the title of Nebraska's smallest incorporated town when the 2000 Census is completed. Gross, population 4, will lose one more resident this fall when one of the four Finnegans, Lisa, goes

off to college.

The third-smallest town in Nebraska, Nenzel, population 8, plans on growing. Town Clerk Theresa Nollette said the census missed three homes in 1990 that should give the town five more residents in the 2000 count.

There are no competitors in Iowa. The smallest town there is Delphos, population 23.

In Monowi, no one is beating the drum of economic development or population growth. If someone wanted to move in, Rudy said, that would be fine. He'd sell them a lot or two. If not, so be it.

"It don't make much difference," said Rudy. "Life just goes on."
